

How to enter as a relay race through the Triathlon Ireland website

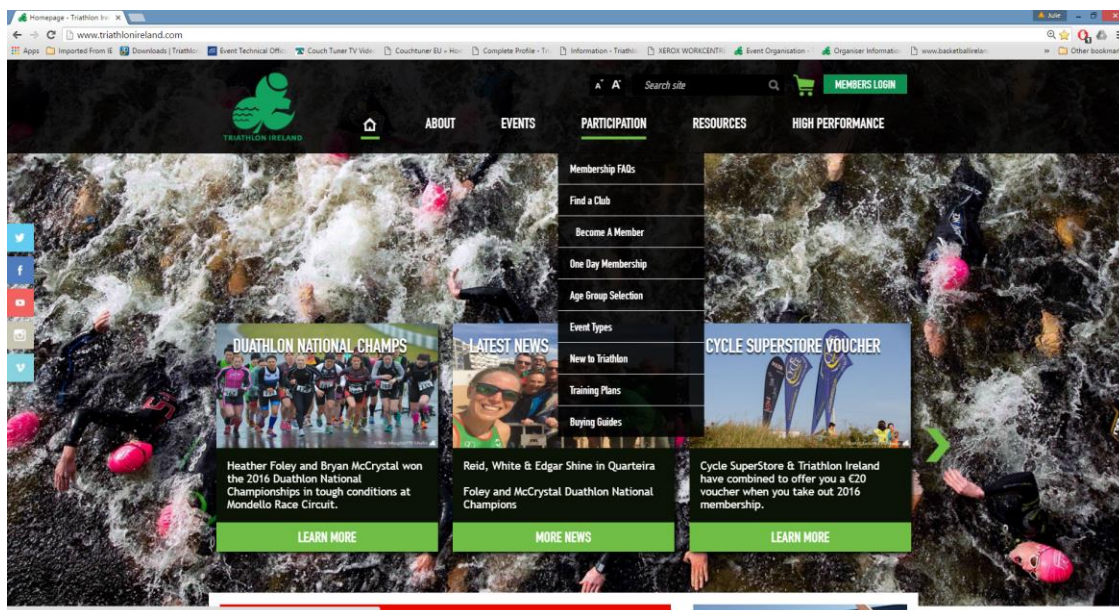

- All relay participants must be registered with TI so they we have details on file for insurance purposes.
- A site user account is FREE. Once signed up you will have a registration number which appears below

If you are a member of Triathlon Ireland already please skip step 1 below and login to your membership account.

If you are not a member of Triathlon Ireland already you must register your details with our system to enable you to enter an event (**become a site user which is free**) or select the membership type which suits accordingly.

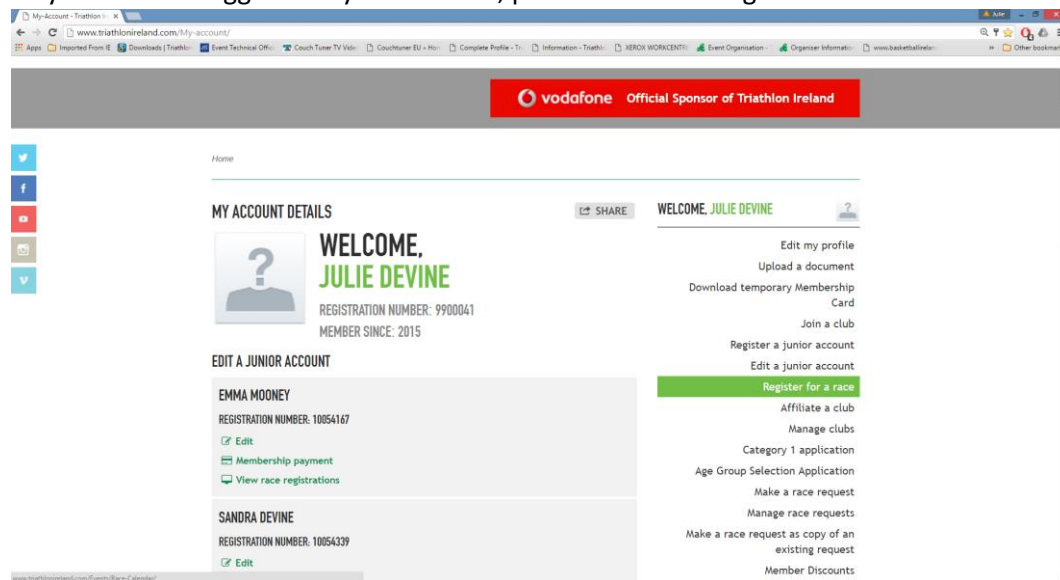

1) Becoming a member

- Select become a member as seen above through the participation tab
- Once you have selected become a member, the user will be redirected to benefits and type of memberships guide
- Once you are happy with the information provided, enter your year of birth and you will be brought to the online membership application form (see below)
- Complete all details on the online form to register as a new user
- Once all details are confirmed and waiver is accepted, users can decide which membership they wish to avail and also join a club (users can join a club at a later stage by logging into their account and selection join a club on the right hand tool bar

2) How to enter a race

As you are now logged into your account, please select the register for a race button

- You are now at the Triathlon Ireland race calendar, seen below.
- Select the race you want to enter eg Tri Monkstown Triathlon – Select the plus button and the hit enter this race

The only place where you can view every race taking place nationwide.
Take the challenge and sign up for a race today!

Junior Races: A parent must first become a site user (free) and register their child before entering a junior event.
